Kids back at school? And the bugs that come with it?

Lots of minor childhood illnesses don't need a GP appointment and can be treated at home with basic medicine from a pharmacy.

These conditions include:

- coughs and colds
- upset stomachs
- headlice
- chickenpox
- ear infections

Visiting your GP and getting medication on prescription, which could be easily bought over the counter, costs the local NHS approximately £45 each time you visit.

Save yourself time and save your NHS money, see your pharmacist. ✓
